Antioch Farm School Features Pork Production

Evening School for Adult Farmers to Start January 5

An adult farmers evening school dealing with the unit subject of "Increasing Pork Production" will be offered at the Antioch Township High school.

The course will consist of ten lessons and will be offered on Tuesday evenings starting Jan. 5, at 8:00 p. m. The course, one of several thousand offered throughout the Midwest, is designed to offer aid to farmers in increasing food production in 1943.

Interested parties are urged to enroll in advance with C. L. Kutil, director of vocational agriculture at Antioch High school, although enrollment may be made at the first meeting.

Nutrition Class Completes 20-Hour Course of Study

Twenty-one certificates are to be awarded to members of the Standard Nutrition class who finished their 20-hour course last Thursday at Antioch Township High school. This was one of the largest classes of its type in Lake county.

Miss Deedie Tiffany acted as teacher, and the class was sponsored by Mrs. W. C. Petty, chairman of the Red Cross in Antioch Township; Mrs. Gertrude Perry, chairman of the Consumers' Interest Division of Antioch township; Mrs. Mary Nedbal, chairman of the Woman's Division of Civilian Defense in the township.

Miss Tiffany was presented a book of-war stamps.

New Soldiers from Here Inducted into Service

New soldiers inducted into the army last week include Arthur Frank Smith, Farnam William Kinney, Gordon Anton DeBoer, William M. Techert, Otto Gussarson and Robert Bolton. Charles Techert, Charles Anderson and William Mongan, who enlisted in the Army Air Corps, are in training at Miami Beach, Fla.

Albert Vykruna, who is stationed at Camp Adair, Ore., has been promoted to the rank of corporal.

John Blackman, U. S. N., is attending the navy machinist school at the University of Minnesota in St. Paul.

Sgt. Harold V. Edwards is now an officer candidate and has been transferred from Blytheville, Ark., to Miami Beach, Fla., where he is attending the army air corps officers' training school.

Pfc. Charles Rudolph sends a letter dated Nov. 21 to his parents, commenting: "I don't suppose you'll be very much surprised when I tell you that I'm somewhere in Africa. You already know the rest of the story, so I won't go into that."

"It's very quiet and peaceful here now, and we're getting lots of sleep and plenty to eat. I can truthfully say that I'm enjoying it. After all, I can't everyone who gets a chance to go overseas for the winter."

"I haven't had any mail in over a month, so I should get quite a bunch when it does get here."

"I suppose you're getting ready to sit down to a big Thanksgiving dinner—wouldn't mind chewing on a turkey leg myself, but I'll have to be satisfied with sitting in the shade eating."

Rudolph's address is A. S. N. 100 Troop Carrier GP, 12th Air Transport Sq., A. P. O. 650 N. Y. C.

Death Claims Widely Known Trevor Woman

Mrs. Luanah Patrick Succumbs at Son's Home in Salem

Mrs. Luanah Patrick, 75, for many years a resident of the village of Trevor and long prominent in rural civic and educational activities, died Saturday evening at the home of her son, Byron Patrick, Salem. Mrs. Patrick had been ill for some time.

Born at Hartland, Wis., on March 14, 1867, a daughter of the late Jerome and Frances Bailey Palmatier, Mrs. Patrick spent her early life as a resident of Michigan, Chicago and Minneapolis. She was a granddaughter of the late Alex. Bailey who built the first retail store in Salem.

On Dec. 31, 1896, she was united in marriage with George Patrick and they established their residence in Trevor. Her husband preceded her in death eight years ago. Mrs. Patrick continued to live in Trevor until a few months ago when due to ill health, she went to Salem to be with her son.

Kept 50-Year Diary
Mrs. Patrick was a self-educated woman and an interesting conversationalist. Her splendid memory was no doubt strengthened by her attention to detail in community life and she has often proudly referred to her diary which was begun by her mother, continued by the daughter, and covers a span of nearly fifty years. Mrs. Patrick served as president of the Kenosha County Parent-Teachers association and it was during her term in office that she was instrumental in having all rural schools definitely named. She was a leader in Red Cross work, and, in the early days when services were held at the Liberty Corners Congregational church, she presided there as organist and also devoted her energies to the Sunday school. She was a member of the Willing Workers of Trevor and had been active in Eastern Star circles.

Mrs. Patrick is survived by the two sons, Byron, of Salem, and Milton, of Trevor; two grandsons to whom she was devoted, Pfc. Robert Patrick, 11th Inf., in Foreign Service, and Pvt. Ray Patrick, in training at Wilmington, Delaware; one niece, Mrs. Lora Palmatier of Rockford, Ill., and a number of cousins. Her friends were legion.

Funeral rites were conducted Tuesday afternoon from the Byron Patrick home to the Salem Methodist church, where the Rev. A. E. Attwood of Salem and the Rev. Ernest Kistler of Elkhorn officiated. Interment was made in the family plot at Liberty Corners cemetery.

C. W. Martin Fills Ice House Sunday
C. W. Martin of Cross Lake had his annual ice party last Sunday. The weather was perfect for the job, which went off very smoothly. The ice was 12½ inches thick and of very good quality.

A delicious turkey dinner with all the trimmings was served, prepared by Mrs. Bergstrom, assisted by Mrs. Luliver Lasco.

The following men assisted with the work and also did a good job at the table:

Hugh Shea, Luliver Lasco, Wm. Setek, Vern Barnstable, Bebe Lasco, Knud Lassen, Charles Wertz, Bill Lasco, John Bergstrom and Frank Spangard.

Mr. and Mrs. Harry Daugherty and Cecil Daugherty served hot coffee to the workers, which was much appreciated.

Mr. and Mrs. Harry Krueger of Lake Catherine will entertain Mrs. Krueger's brothers and sisters and their families on Christmas day. There will be about twenty-five in the party.

Christmas Fetes For Kiddies are Held at Schools

The annual Antioch Christmas party for children of school and pre-school age brought joy to many youngsters during the past few days.

An innovation this year was the holding of the party at schools rather than at the Antioch village park.

Many of the schools held their parties Tuesday, including Antioch Grade school, Hickory, Grass Lake, Emmons, and Channel Lake. The Bean Hill school's party was held Monday evening and the Oakland school's party Saturday evening.

As in former years, the customary gifts of candy and fruit were distributed to the children.

The Antioch village council and President George B. Bartlett acted as sponsors for the parties, as in the past, and many persons generously donated materials and services to make the celebrations successful.

Anthony Kucera, Up a Tree in New Guinea, Sends Xmas Greetings

Lt. Anthony Kucera, formerly of Antioch, may be up a tree, but that doesn't stop him from sending Christmas greetings to folks in the Lake region. George Weller, correspondent for the Chicago Daily News, forwarded Kucera's greetings by radio from New Guinea, where he is stationed with the American troops.

Waller's story, carrying a Dec. 21 dateline, was as follows:

"Nobody here has much time to think about Christmas, but Lt. Anthony Kucera, who occupies a tree-top position somewhere in this marshy, malaria-ridden front, asked to be remembered. This correspondent climbed to a tree position operated by Kucera, who comes from Lake Villa, Ill., in order to listen to his sentiments."

"The first distance up was negotiated with the help of a native swaying ladder, the last half by pulling oneself up on the vines with which the tree is draped. But, although a Jap sniper over yonder felt around for us both, he could not see us."

"A Merry Christmas from Anthony, folks."

Kucera is a son of Adolph Kucera, who formerly operated the Antioch Oil company. Anthony acted as book-keeper for the company.

Anthony received his army training at Camp Bullis officers training camp in Texas. He was stationed in Australia prior to being transferred to his new field of activity.

Hold Funeral Rites for Round Lake Fire Victims

Funeral services were to be held at Cranston, Wis., this Thursday afternoon for Mrs. Alvira Wildner, 37, and her four-months-old son, Gustav, Jr., who died of suffocation and burns when their home at Round Lake caught fire Monday. Mrs. Wildner had escaped from the building, but reentered it in an attempt to save the baby.

Neighbors of the family have been collecting gifts of money and clothing at the H and H store on Cedar Lake road to help the survivors, Mr. and Mrs. James Bell, parents of Mrs. Wildner, and Dennis, three-year-old son of the Wildners.

Lehmann Appointed on Civil Service Committee

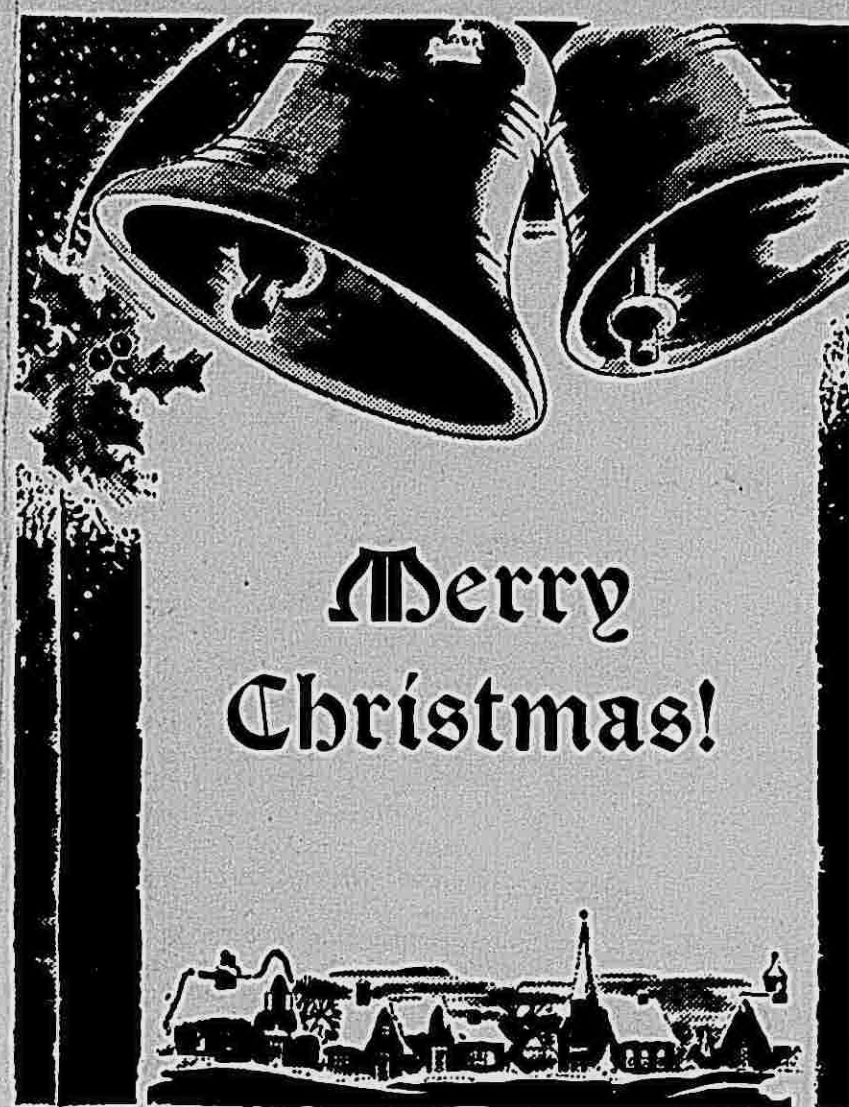

Otto W. Lehmann of Lake Villa, prominent Lake county sportsman, has been appointed by Gov. Dwight H. Green to an advisory committee for the State Civil Service commission in conducting examinations for inspectors and investigators in the Department of Conservation. Eleven other noted sportsmen and conservationists are on the committee.

Louis H. Barkhausen of Chicago has been named chairman of the group. He is state chairman of Ducks Unlimited.

Selective Service Draft Registrations Total 9

Registrations for the Sixth Selective Service draft, which includes youths 18 and 19 years of age, now total 9, according to Roman Vos, registrar. Registration hours are from 9 a. m. to 5 p. m. daily. Men who are working during the day may make appointments to register in the evening.

Miss Laura Hatch of Antioch and Mrs. Pascal Allen of Green Valley, Ill., are at the Mayo Clinic, at Rochester, Minn. They called on Mr. and Mrs. H. B. Gaston, at the hospital where Mr. Gaston was recovering from an operation.

Well, Well, we been expectin' the boss home this week, and were wondering whether we outta kinda dust up the office a bit, or just leave it looking natural. We saw a pretty tidy newspaper office once—we forgot just where—and it was pretty inspiring to us, but not inspiring enough—

The old town is beginning to seem awfully queer with all the boys away in the army, navy, marines, etc. Reminds us of a poem somebody wrote one time, just imagining what a town would be like without any boys around.

Incidentally, we've been trying to trace the origin of the phrase which inspired the popular song, "Praise the Lord, and Pass the Ammunition." Far as we got was the advice of some officer or other, we believe in the Revolutionary War, but we ain't just sure, who told his men, "Put your trust in the Lord—and keep your powder dry!"—or words to that effect.

Passengers and driver were a trifle chagrined when the Antioch bus, slowing down to avoid a traffic tangle on the icy highway Tues. a. m., quietly slid into the ditch and snowdrift just west of Gurnee—and stuck there. The final touch of ignominy, however, was when a young lad went skimming nonchalantly past the stalled vehicle on ice skates, and faded, swallow-like, into the distance down the highway, while the stalled guys and a car full of husky workmen who kindly stopped to offer their aid struggled to boost the bus back onto the road. —We been hearing about how it's sometimes advisable to take roller skates along when you go for a ride, but looks like that's getting old-fashioned. Seems we gotta start taking ice skates.

Merry Christmas, everyone!

High School P. T. A. Elects New Secretary

At a well attended meeting Monday evening, the Antioch High School Parent Teacher association elected Miss Mildred Krusa secretary to replace the former Miss Margaret McDorman, whose marriage took place during the Thanksgiving holidays.

The association voted to buy a \$5.00 Tuberculosis Association bond, and to turn over the sum of \$31.60 to the Red Cross.

A program of Christmas music, including choruses, solo and band selections, was presented by high school students.

Refreshments were served afterward.

Ted Larson Commissioned Ensign in Coast Guard

Ted Larson, son of Mr. and Mrs. P. T. Larson of Antioch, has been commissioned an ensign in the Coast Guard after completion this week of a four-month officers training course at New London Coast Guard academy. Larson expects to be home to spend the Christmas holidays with his parents.

Charles F. Barthels Will Celebrate 64th Wedding Anniversary

Mr. and Mrs. Charles F. Barthel of Antioch will celebrate their sixty-fourth wedding anniversary this Christmas day. Both are 84 years of age.

Joining in the celebration will be their daughter, Mrs. Edwin Anderson, and two sons, William L. Barthel, Salem, and Frederick A. Barthel, Chicago; 20 grandchildren, 20 great-grandchildren, and two great-great-grandchildren. A daughter, Mrs. F. L. Bristol of Chicago, passed away last May, and there were three others sons who have died.

Mr. Barthel worked as an aeronautical engineer at the Curtiss aircraft works in Buffalo, N. Y., during World War I. He has done a great deal of construction work in this region in the past, and was for several years a cabinet maker for the Wisconsin Gas and Electric company in Kenosha.

The Barthels were married at Tannersville, Pa.

LAKE COUNTY IS THIRD IN CHRISTMAS SEAL SALES, REPORT

Lake county ranked third of 62 of Illinois counties (not including Cook county) in this year's Christmas Seal sale, according to a report issued by the state Tuberculosis association in Springfield. The figures are those of Dec. 12.

Winnebago county held first place, reporting \$11,143. Peoria county was second, beating Lake county by \$25. Peoria's receipts were \$9,795 while Lake County's were \$9,770. Lake County's goal this year is \$20,000. The sale will continue until Christmas and late contributions will be received after the holidays, according to Miss Orpha L. White, executive secretary of the Lake County Tuberculosis association.

Christmas Seals are used to a good purpose this year by Mrs. Amanda Schettler, 1029 Palmer pl., Waukegan. Mrs. Schettler has written and illustrated a book, "A True Story of Two Kittens," and dedicated it to her niece, June Temple. She presented a copy to Mrs. Austin H. Niblack, chairman of this year's Seal Sale, showing the Christmas Seal decorating the inside cover of each book.

Ninety-five percent of the proceeds from the Seal Sale remain in the state, Miss White points out, the other five percent being sent to national quarters to carry on research that will help stamp out tuberculosis.

Miss White will address students of Lake Forest College on January 6 and will speak and show the film, "Good-bye, Mr. Germ," at Ela Township high school on January 8.

Strahan Cattle Sale Rates Full Page in Chicago Newspaper

Cited as a typical illustration of the way in which shortages of dairy products are resulting from the lack of adequate farm help was a Chicago newspaper's full page display of pictures on the cattle sale held recently by William Strahan of Antioch.

Strahan, whose place is located on Highway 173, decided to retire recently when the shortage of help made it difficult to carry on the operation of his dairy farm.

SEQUOITS DEFEAT ZION RED RAIDERS

The Antioch Sequits defeated the Zion basketball team last Friday on Zion's court, by the score of 42-32. Dale Barnstable, cited by Gerald A. McElroy, coach at Palatine High school as the greatest shot maker in the Northeast-Northwest conference territory, kept up his season's average with seven field goals and five free throws for a total of 19 points.

The Zion team scored one lone point in the first quarter, while Antioch chalked up seven. In the second quarter Zion managed to score six points, but the Sequits did twice as well, scoring twelve. Antioch led, 19-7 at the half.

While Barnstable, Fields and Dressel shared the honors of 16 points for Antioch in the third quarter, Zion added 12 points to their score. The fourth quarter ended with the final score of Antioch 43, Zion 32.

The Antioch Sequits suffered their second defeat of the season Tuesday night when the Palatine Pirates took them, 28-31. Palatine accomplished their objective, to stop the scoring record of Dale Barnstable, with "Barny" scoring only 9 of his average 18 points. Fields took high honors with 12 points.

Antioch led all the way until the latter part of the fourth quarter when Palatine tied the score and went ahead with a field goal and a free throw to win.

The Sequits are eagerly looking forward to the game later in the season at Palatine. Coach C. A. Wolfenbarger and his boys are confident that they will beat Palatine yet.

Foundation of Freedom

Most people think of war industries as those which actually turn out the finished products. But in reality, the plane, tank, ship and gun factories are the vital middle men in a production chain that starts deep in our coal and metal mines, our forests, and in our vast oil fields where the pumps and refining plants work night and day to furnish lubrication and fuel by the billions of gallons to keep the wheels of industry and of war turning.

Natural resources are the key to victory. This country has those resources. Moreover, under efficient management, they are imparting raw materials in quantities that stagger the imagination. The genius of the men who operate the natural resource industries, is second only to the greatness of the resources themselves. Together, they are an unbeatable combination. In the peace to come, they will be the starting point of a new world, just as they are now the starting point of our entire war effort. When the last shot has been fired, our basic industries, like free enterprise in all other fields, will turn again to the sole task of creating a fuller, more comfortable life for all.

That is why we must preserve free enterprise. It is the key to a better civilization. It guarantees both political and economic freedom to the individual. And the natural resource industries are the foundation of free enterprise, just as our natural resources are the foundation of our existence as a sovereign nation.

A Fair Request

The railroads hope that they will receive authorization to purchase vitally needed equipment—for moving the materials of war. But they are not going to get any more coaches or Pullmans. This, together with the fact that millions of troops are being moved by rail with full priority over civilians, is producing a pinch in travel accommodations.

Railroad managements have asked the cooperation of the public in meeting this problem. It should be given wholeheartedly.

Don't travel unless it is absolutely necessary. If it is necessary, the railroads will get you where you want to go. But you should acquire complete information about train schedules so that most efficient use can be made of available passenger equipment. The local passenger agent will aid in selecting the most direct route, making reservations, getting tickets in advance, and advising what day of the week is best for travel. If a trip is called off, reservations should be cancelled immediately.

ately. You should travel light and check personal baggage through to destination except that which is needed in transit. When ever possible, purchase a round-trip ticket. It saves time all around. The railroads are serving more than twice as many meals in dining cars as last year, and more diners, like more Pullmans, are unobtainable. Therefore, don't linger over meals. Above all, remember the job the railroads are doing in this emergency, and be tolerant of inconveniences.

Public cooperation can go far toward solving the problem of wartime civilian rail travel. That is why the railroads have requested it. Failure to cooperate will simply result in more regulation, more restrictions, more rationing—measures which, though often necessary, are still obnoxious to the average citizen.

Tax Strike in Wisconsin

"Heard and Seen," William H. Stuart's weekly publication, has the following article in its issue of Dec. 5:

"Home owners of Pleasant Prairie Township, Kenosha County, Wis.—victims of a ruthless and unprecedented boost in taxes—have organized and passed resolutions directing their attorney to institute court proceedings to invalidate the entire Township Tax Roll on the ground that it is saturated with fraud and gross inequalities, and pending a decision, to enjoin the collection of any property taxes.

"A small group of farmers, stirred up by disgruntled politicians, petitioned the State for a re-assessment. The State Tax commission, through an incompetent 'expert,' made the new appraisal, the results of which home owners are now learning through increased taxes.

"Probably no State in the country has there ever been such a boost in taxes—valuations on homes DOUBLED, TREBLED, QUADRUPLD, and even multiplied by eight, in certain instances. While small home-owners have been thus soaked, farm lands in many cases have been reduced although farms are worth more now than in a decade. There has been a comparatively small increase in the valuations of farm buildings. A total of some \$1,000,000 has been added to the property valuation of this one township, largely at the expense of the home-owners.

"Probably the most glaring evidence of the gross inequalities in the new valuation lies in the lake shore property in the over four miles extending from the South boundary of the City of Kenosha to the Wisconsin-Illinois State line. In the south mile of the lake shore frontage the State appraiser valued property up to \$37.50 per front foot, while in the three miles running up to Kenosha the assessment is practically nothing, all on the basis of farm acreage. The State of Wisconsin in other words has declared proximity to the progressive, fine City of Kenosha is undesirable.

"Small home owners in this Township, far outnumber the farmers, and the big majority of farmers refused to sign the petition for a re-assessment so there is much public sentiment back of the State re-assessment."

Sprinkler Cleans Air-Cleaner

Air, oil and water are used in a motor-driven sprinkler system to speed the cleaning of electric cells which collect dirt from the air in steel mills. The sprinkler does the job 10 times as fast as the old hand method. The electric cells are part of an air cleaner called a Precipitron which attracts dirt particles like a magnet and prevents short circuits that would be caused by dirt wedging between the terminals of a steel mill motor.

Vain Men

Women's vanity is mostly about their clothes; men's is about themselves.

LAKE VILLA

The W.S.C.A. will hold the first business session of the year Wednesday, January 6, with Mrs. Fred Hamlin at her home. This is the quarterly birthday pot luck dinner for the October, November and December birthdays of members and friends. Visitors are welcome. The annual Christmas party will be held December 30th, with Mrs. Gunnarson if roads and the weather permit, otherwise it will be held at the Village hall. Each guest will bring a 25c gift for exchange and entertainment will be provided.

In letters received from the Allen family who occupied the parsonage previous to the coming of the MacArthurs, we learn that the Rev. I. B. Allen is now a Chaplain in the Army and is rated as 1st Lieutenant. He is stationed near Great Falls, Mont. Mrs. Allen is with him until his transfer to foreign service which is expected soon. The children are with relatives.

Mr. and Mrs. Jack Crawford of Evansville, Indiana, are guests of Mr. and Mrs. Paul Avery, Jr., this week.

Mrs. Paul Avery, Sr., was pleasantly surprised at her home Monday when her former birthday club friends gathered for a party. Gifts were exchanged and Mrs. Avery was presented with gifts. Present were her daughter, Mrs. Eugene Sheehan of Antioch, Mrs. Paul Avery, Jr., Mrs. Jack Crawford of Evansville, Ind., Mrs. Pedersen, Mrs. McGlashen, Mrs. F. Wood, Mrs. Fred Hamlin, Mrs. Helen Fish, Mrs. Blumenschein and Mrs. Chas. Hamlin.

Mrs. Petrina Mork, one of our oldest citizens, passed away Friday, Dec. 18, at the Palatine Community hospital where she had been a patient for the month since she left her home. She had lived alone since the death of her husband on Dec. 26 of last year. She was born in Oslo, Norway, 80 years and 9 months ago. Mr. and Mrs. Mork celebrated their Golden wedding here a few years ago. One daughter, Mrs.

Alma Rasmussen, passed away in 1938. She leaves four grandchildren, Clifford and Florence Rasmussen of Wilmot, Wisconsin, Warren Carlson and his sister of Arlington Heights. She made many friends during her stay in Lake Villa and took much pleasure in doing for others as long as she was able. The funeral was held at Arlington Heights funeral home on Sunday afternoon and burial was in Mt. Olive cemetery in Chicago. Rev. MacArthur, a neighbor of Mrs. Mork in Lake Villa, and greatly admired by her, preached the funeral service.

Sgt. Jack Rhoades of Camp Livingston, La., is enjoying a thirteen-day furlough with his mother, brother and sisters here. He reports back for duty on Dec. 29.

Charles Thorn is spending Christmas with his sister, Mrs. Ona Wedge, in Waukegan and his niece, Mrs. Blanchard, is visiting her sister, Mrs. Therser in Kenilworth.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

DYNAMIC CHRISTIAN LIVING

LESSON TEXT—Romans 12:1-3, 9-21.
GOLDEN TEXT—Be not overcome of evil, but overcome evil with good.—Romans 12:21.

Dynamic—there is a word with an attraction for both young and old. It speaks of power, but not just brute force. There is personality with its winsomeness, challenge, accomplishment, all around attractiveness and usefulness as the essential element of this kind of power.

It may surprise some of us to hear that this is the kind of life every Christian may, and ought, to live, by the grace of God. Not that each one will have the gifts of leadership, or the personal qualifications which mark some for places of public service, but that each may have divine power working in and through his life.

Such a life can be lived only as God's power is able to flow through a surrendered life. This must begin in the individual, and in the depth of his own heart. Then it will appear in his relationship to his brethren in the church, and ultimately in his life in the world.

I. In the Heart (vv. 1-3).

It is only the believer who is ready to serve God. The unregenerate man needs cleansing, not consecration. Having that, he is ready for the transforming work of God which will bring him out into a place of freedom and spiritual strength. Notice that this is brought about by an act of the will. We are to present ourselves as a living sacrifice. That is our part, God will respond in blessing.

Conformity to this world (v. 2) is the blight on the church and on the individual believer which so hampers the work of Christ in the world today. The worldly Christian is an anomaly.

The call then is for non-conformity to the world and surrender to the transforming grace of God. Then there will be both true humility (v. 3) and full confidence in God's power.

II. In the Church (vv. 9-16).

The dynamic living of the Christian is not something to be paraded before the world, a thing of which we may be proud. It begins, as we have seen, in the heart, and then gives itself in gracious, affectionate, earnest living within other believers.

Here we note that being dynamic does not mean only being a "live wire." It may express itself in quietness which is graciously powerful; in goodness which overcomes evil; in love which weeps with the sorrowing; or in humility which is willing to touch the lowly.

These verses are full of overflowing with the kind of instruction which, if heeded, would make the fellowship of the church well nigh heavenly. For example, "in honor preferring one another" would put an end to church "fights"—blessed thought! If all were "fervent in spirit, serving the Lord" there would be no problem about getting the work of the church and Sunday school done, and done well.

If Christians were "patient in tribulation," would continue "instant in prayer," and rejoice "in hope," we would at once be free from complainers, and weak or unhappy church members.

We could go on, but the teaching of the Word is so plain that what we need to do is to practice it.

III. In the World (vv. 17-21).

"Take thought," that is, plan to have "things honest in the sight of all men." Bishop Moule's comment is particularly acute. He says the Christian "is to be nobly indifferent to the world's thought and word when he is sure that God and the world antagonize. But he is to be seriously attentive to the world's observation, were the world more or less acquainted with the Christian precept or principle, and more or less conscious of its truth and right, is watching, maliciously, or it may be wistfully, to see if it governs the Christian practice."

How then does the Christian behave toward the world? He does not return evil for evil. How often Christians have failed at that point, becoming involved in a "blow for blow" conflict with some worldly man or institution. How much better to "live peaceably with all men" as far as it is possible to do so.

The Christian is not to seek revenge. The injustice suffered may be confidently left in the hand of God. He will make it right in due season and in His own way. He will judge righteously, where we might be prejudiced. We might be too severe; He will be fair. The way to deal with such situations is by the "coals of fire" method (v. 20). It really works. We ought to use it more frequently.

Verse 21 sums up the whole matter. Instead of letting the evil of this world get the best of him, the Christian will "overcome evil with good." It seems just now that such a plan does not work, that evil has taken the upper hand, but let us wait a bit. The final accounting has not yet been made.

ONE YEAR LATER!

ONE YEAR AGO this month, our country was suddenly and perfidiously attacked by the yellow men.

A peaceful nation, we sprang into action, and within a few short months a mammoth war machine was functioning at high efficiency.

Millions of soldiers had to be transported, millions of tons of war materials had to be moved, gigantic stores of food for ourselves and our allies had to reach the market quickly—and into this emergency stepped the American Railroads and accomplished the job in true American fashion.

The Soo Line played an important part in this effort and at this time we want to thank our civilian patrons for cooperating with us in this war work and with your continued cooperation—do not travel unless necessary; avoid week-end travel; share seats with fellow travelers; take a minimum of luggage—our war effort will continue unhampered.

Barbed wire cutters are
heat-treated with

GAS

To meet the demands of modern warfare, war tools, as commonplace as barbed wire cutters, must be produced with the skill, precision and thoroughness that is applied to our planes, guns and tanks;

Like many of the war tools produced in America's great war production plants, these wire cutters are heat-treated with gas. After hardening in a gas-fired lead pot at 1,400 degrees, the steel blades are further heat-treated in the

oven-type convection furnace by the free circulation of hot gas at 450 degrees. The rapid, uniform heat of gas makes these wire cutters as tough and rugged as the fighting commandos themselves.

Day and night it is our job to maintain the gas supply for war production in this area. For this all-important task we are applying the efficiency developed through years of experience.

precipitate getting it. It has been coming regularly since last spring. We are glad to know the whereabouts of all the home boys, because my wife is also from Zion, Ill. We have been married 17 months today, and she has been down here with me for a little over a year. Our apartment is only three or four blocks from Ft. DuPont. The weather is very damp here and the wind really drives it into your hide. About a week ago it was down to 10° above zero but we haven't had any snow as yet. We will soon be home as I have a 10 day furlough, starting Dec. 27. I am short of news now and I will close. Thanks again for the Antioch News.

Pvt. Charles J. Williamson, Co. B, 314 Engr. Bn. (C), A. P. O. 8th Div., Camp Carson, Colo., wrote us recently to say he appreciates getting the Antioch News, and adds, "By getting it once a week I can kind of keep up with what is going on at home. I am kept too busy to write more."

Protect Window Screens for Winter
Wine window screens are made of metals which are now critical war-time materials. If damaged or lost through rust or corrosion, it may be a considerable number of years before it will be possible to replace them. They should be thoroughly cleaned and painted with well-thinned paint or varnish which will not fill the openings in the screens, before being stored for the winter months. Copper or bronze wire screens should be varnished.

Funeral Services for Myers Held in Chicago

Interment at Woodlawn cemetery followed final rites for Rudolph F. Myers Friday afternoon in the chapel at 5842-44 West Cermak road, Chicago.

Myers was born at Hay Creek, Minn., Dec. 25, 1869, and died Dec. 15, 1942, just ten days before his seventy-third birthday anniversary.

He and his wife, who preceded him in death two years ago this January, lived in Chicago until 1931, when they came to Antioch. After his wife died, Myers moved to Berwyn, where he

made his home with a daughter, Mrs. Helen Misicka, 2323 South Home ave. Survivors, besides his daughter, are a son, Leonard, and two granddaughters, Marlene and Diane.

Myers was a member of Good Samaritan lodge of the I. O. O. F.

Merely Types

Studying life isn't half as interesting at 60 as it is at about 35. By 60, you have got everybody classified and they are merely types.

Let Him Know

It is simply impossible to dislike a man who likes you, and whom ever you like, let him know it.

It's Christmas again

... and time to be remembering folks like you who remember us all year round ... with your patronage and friendly good will. ...

Treasures Withdrawn

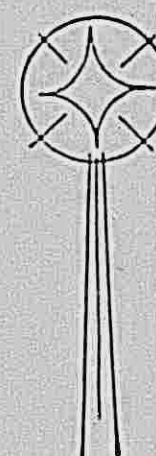

A former director of the museum of antiques offered for sale at Rouen, France, some of the finest pieces ever presented at a French auction, but bidding was so low that most of the treasures were withdrawn. Some dated back to the Seventeenth century.

Nature Helps

Lacking a length of rubber hose or tubing, Casco Bay, Maine, fishermen frequently find a satisfactory substitute in the large variety of kelp tute in the devil's apron. The long stems are hollow and are successfully utilized to siphon gasoline from boat tanks to cans.

The Fire Department wishes to thank all those who helped to make the recent Firemen's Dance a financial success, and the patronage of those who attended.

Antioch Fire Department

Rising above the turmoil and cares of the world is the majestic story of Bethlehem. May the star that shone then still cast its light for you and all of us, revealing new pathways to happiness and achievement. Our entire organization joins with us in thanking you for your good will and patronage during 1942, and in wishing you a very Merry Christmas.
